At Holt we define an emergency as loss of all power, plumbing leaks or back ups, or an HVAC issue during excessive hot or cold outdoor temperatures.

Holt Home Emergencies as well as other non-urgent warrantable requests can be addressed by our experienced team during regular business hours. Please call our **daytime customer care team at (360) 892-0514.**

If you're here because you're experiencing a home emergency outside of our regular business hours, we'll be on call. Please contact our customer care team by using our **After-Hours Emergency Phone Number, (360) 787-7411.** In the unlikely event that you reach our voicemail, please leave a message, and a Holt team member will get back to you shortly.
